Chris - the index looks fine, although one last comment on the intro. In the last phrase of the first paragraph, I'd recommend changing "contains site-specific documents and a list of the guidance document used by EPA" to "contains site-specific documents and references the guidance document used by EPA". (One item doesn't constitute a list).

Thanks again for your help with this.

Dave

We should be good.

You have seen and approved all the documents in the AR, as well as the introduction. Once we index and scan the ESD, we'll send you the full index for approval.

Once we get your approval, we will burn the CD and put the AR on the Web.

Hi Christopher - wanted to let you know I'm just waiting for final legal approval of the ESD. With any luck I should have to you by 12 or 1 today. Are we still good for delivery to library by Friday? By the way I'll be leaving the office Th by 9am so I will assume that you will overnight mail the AR rather than me hand deliver.

Thanks - Dave
